DETAILED ACTION

Response to Applicant's Response

3. Receipt of applicant's response filed 1/20/2006 is acknowledged.

Allowable Subject Matter

4. Claims 1-31 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's claims have been reviewed in light of the arguments filed 1/20/2006. Applicant's arguments are considered persuasive. Accordingly, in light of prosecution of the case taken as a whole, the prior art does not teach or suggest the combination of a windshield and gas pilot assembly having the structure and arrangement as recited in each of independent claims 1 and 20. The remaining dependent claims are allowed as being dependent upon an allowed independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
